Dear Hannah,

As an upcoming motivated software developer, I am excited to apply for your internship position at Sentry Insurance. After reading your posting, I feel as though I am a great candidate for the position and could have a positive impact on your company.

At this point in time, I am a junior in standing at the University of Wisconsin Stevens Point. Currently, I am majoring in both Computer Information Systems (CIS) – App Development and Computer Information Science (CIS) Cyber Security. My anticipated graduation date is May of 2024. The University of Wisconsin Stevens Point has taught me many skills which make me qualified for the position.

## Current Qualifications:

- Understand the basics of object-oriented programming using Java using data structures and algorithms.
- Brief understanding of coding fundamentals in both Python and HTML.
- Studied data analysis using R code.
- Understand the fundamentals of Cyber Security.
- Understand critical thinking, problem solving, and communication skills.

Thank you for your time and consideration. I would greatly appreciate the opportunity to setup a meeting to discuss how my skillset can be used. I look forward to your response.

Sincerely, Alex Smetana
